U. S. First and Ninth Units, Driving From Their Five To Ten-Mile Breach, Punch Out Gains Of One To Two Miles

BRITISH SECOND REACHES MAAS RIVER BEND

By WILLIAM FRYE

London, Nov. 17.—(P)—German lines sagged under twin offensives in the Rhineland today as the First U. S. Army drove forward two miles toward Duren and the Ninth Army bagged long lines of prisoners. Lt. Gen. Courtney H. Hodges' First Army infantry and armor slashed to a point six miles west of Duren, important industrial town 20 miles west of Cologne, despite sleet and rain storms.

Germany's western lines rocked to the thunder of hundreds of guns in the Aachen sector, the smash of new armored columns from the Moselle bridgeheads, the weight of increasing attacks in Holland as the Allies made a supreme bid for victory.

Perhaps 2,000,000 men were arrayed in battle on both sides in the critical test of German staying power.

Lt. Gen. William H. Simpson's Ninth Army increased the pressure of the attack in its second day north of Aachen, front line dispatches said, captured several more towns and turned back a Tiger tank counter-attack.

London, Nov. 17.—(P)—Six Allied armies, committee to what may be the last great battle in western Europe, advanced virtually shoulder to shoulder today against the battered German army.

The U. S. First and Ninth Armies, driving from their five to 10-mile breach in the Siegfried line, punched out gains of one to two miles toward the Rhine.

The British Second Army reached the Maas river bend near the German border with the capture of Buggenum, three miles north of Roermond. British rearwards were only four and a half miles from the German frontier at the nearest point in the Veldt-Roermond sector.

THOUSANDS OF BOMBERS AID GROUND UNITS

Greatest Air Fleet Ever To Go Into Single Action In Support of Army Blasts Rhine Approaches

13,000 TONS DROPPED

By HENRY B. JAMESON

London, Nov. 17.—(P)—More than 3,500 bombers, the greatest air fleet ever to go into single action in direct support of an army, blasted the approaches to the Rhine for five hours yesterday in opening Gen. Dwight D. Eisenhower's winter offensive.

German westward troops and defenses in front of three Allied armies were bombarded with more than 13,000 tons of explosives and field dispatches said that before nightfall hundreds of stunned Nazi prisoners had been taken.

While the weather was not altogether favorable, the attack was described as more effective and better concentrated in places than at either Caen or Saint Lo, where similar carpet bombings touched off spectacular land offensives.

Approximately 2,400 American and British heavy bombers, in two separate mass attacks, laid more (Turn to Page Thirteen)

Road Junction Is Occupied By Fifth Army

Rome, Nov. 17.—(P)—Fifth Army troops have occupied Modigliana, important road junction nine miles south of the Bologna-Rimini highway town of Faenza, in the wake of a surprise German withdrawal after a week-long vigorous defense. Allied headquarters announced today.

Several previous Allied assaults on the town had been thrown back by desperately fighting Nazis.

When British and Indian troops moved in yesterday they found the Germans had left the town thoroughly mined and booby-trapped. Six miles north of captured Forlì, Eighth Army units, moving cautiously toward the Montone river, cleared Coccolia and reached a point within 2,000 yards of San Pancrazio.

In the Adriatic coastal sector the Germans blew a gap in the banks of the Fiumi Uniti, flooding large tracts of land east of highway 16 and making maneuvers there virtually impossible.

Intermittent rain and hail interfered with operations on the Fifth Army sector below Bologna in the area adjacent to the Bologna-Florence highway.

McNAIR IS RUNNING CLOSE IN ALLEGHENY

Pittsburgh, Nov. 17.—(P)—It will take the soldier vote to settle the fight for a seat in the state house of representatives between Rep. Owen E. Hannoh, Republican, seeking reelection and the unpredictable William N. McNair, Democrat.

McNair, the former mayor of Pittsburgh, is trailing by 589 votes on the basis of the official count in the fourth legislative district of Allegheny county.

Counting the soldier vote begins November 22.

Finnish Cabinet Has a Shakeup

Stockholm, Nov. 17.—(P)—J. K. Paasikivi was named prime minister of Finland today in a shakeup of the cabinet.

A veteran peace envoy and former (1918) negotiator who participated in the Moscow-Helsinki armistice, Paasikivi succeeds Erih Castrén as Baron Carl Gustaf Mannerheim's first minister.

(The Finnish radio announced Nov. 11 that Paasikivi had accepted the offer of the position. The Castrén regime had been criticized by Soviet organs for its handling of the Russian-Finnish armistice problems.)

Paasikivi once served for a time as Finnish minister to Moscow.

LEYTE ISLAND DRIVE SLOWED BY HARD RAINS

Americans Within Small Arms Range of Ormoc Road Behind Japanese Forward Line

ENEMY DEAD MOUNTING

By C. YATES McDANIEL

General MacArthur's Headquarters, Philippines, Nov. 17.—(P)—Slogging forward through tropical rains today, American troops on Leyte were within small arms range of the Ormoc road behind the Japanese forward line and were threatening momentarily to cut off the enemy spearhead.

With American long-range artillery hammering the 25-mile corridor which remains to the Japanese, and American air fighters ranging the skies overhead, enemy dead mounted steadily.

Rains were slowing the action, though, Gen. Douglas MacArthur reported in his daily communiqué, and a Japanese sniper bullet wounded Brig. Gen. Claudius M. Easley, assistant commander of the 9th division.

General Easley, a colorful Texan, was tramping through front line positions when he was struck. He was the first American general officer to be wounded in this campaign.

General MacArthur announced complete occupation of tiny Peguin island in the Mapia group just northwest of New Guinea, thus eliminating Japanese aerial watchers able to observe operations on the American bombing route to the Philippines. Bras Island, also in the Mapia group, is being mopped up, MacArthur said.

American fighter planes, bombing and strafing the Ormoc Japanese supply area, sank 30 barges lying with their ramps touching shore, apparently unloaded.

A third "purely personal" opinion was that government orders, "primary cause of the civilian scarcity" would continue large.

Developments In War Make Chief Tardy

Washington, Nov. 17.—(P)—President Roosevelt explained his late arrival at his news conference today by saying he was keeping abreast of military developments in Europe.

The conference, scheduled for 10:30 a. m., was an hour and five minutes late.

To a reporter's inquiry whether he could "give us any news on the drive in western Europe," Mr. Roosevelt replied only that the operation is on at the present time.

The president said he could not have held his news conference earlier because of certain actions on in Europe.

In reply to further questions, Mr. Roosevelt told reporters he has made no progress on a planned meeting with Prime Minister Churchill and Marshal Stalin. But he repeated his remark of last week—that all three want to see each other as soon as they can.

Asked whether he plans to accept General Charles De Gaulle's (Turn to Page Thirteen)

Japan Preparing For Large Scale Enemy Assaults, Radio Tokyo Broadcast Discloses

By the Associated Press

Japan is preparing for "large scale enemy air assaults," the Tokyo radio disclosed today.

A "liaison council to cope with air raid disasters" is to be established in the Japanese home ministry, the announcement said, to "solidify the defense structure within the homeland in view of the inevitability of large scale enemy air assaults."

The broadcast to the Japanese people, recorded by the Federal Communications commission, said the action was decided upon at a four-hour meeting of the Japanese cabinet with Premier Kuniaki Koiso today.

Apparently heavy damage inflicted by American planes in Okinawa in the Ryukyu islands, Oct. 10 as a prelude to the Philippines invasion, prompted the cabinet action as well as numerous reconnaissance flights over the main Japanese islands by B29s.

None of the reconnaissance flights have ever been confirmed by American sources.

The same broadcast announced the cabinet approved a report from Finance Minister Sotaro Ishiwata on a budget for the next fiscal year.

An attack on a Japanese patrol ship by "three enemy vessels" west of the Bonin islands and a raid by American bombers and fighters on the Labuan sector of northwestern Borneo, were reported today by the Japanese radio.

The attack on the patrol ship, the radio said, took place Wednesday (Japanese time), and reports of "enemy activity" preceded the flight. The Bonins are 610 miles southwest of Tokyo.

In the Borneo raid, the Japanese radio claimed Japanese "units" had shot down eight of "about 40" American Liberators and P38 planes. The raid took place yesterday morning (Borneo time).

A reconnaissance flight over western Kyushu, southernmost of the Japanese home islands, by a single B29 Superfortress, was reported in a Japanese domestic broadcast. The big plane was sighted about 10 a. m. (Japanese time) today.

Cigarettes are going to continue scarce for civilians but hoarders are "very foolish" in the opinion of three leading cigarette companies.

Declining "absolutely" to be named in connection with their comments, spokesmen for concerns making three major—and scarce—brands reiterated:

1—They're making all they can under the circumstances, more than ever before.

2—Shortages of manpower and raw materials prevent a further step-up in output.

3—Government orders for the armed forces overseas are going to be filled first.

4—Civilians, through their retailers, are going to get as fair a division of available smokes as possible. One spokesman said:

"Cigarettes are perishable, just like food," another said.

"Anybody who gets more cigarettes than he needs, somehow, and tries to store them isn't getting his money's worth. They just don't keep their flavor."

"What are future prospects?" the cigarette men were asked.

Answers were: "No official comment" from two who added: "No quotation, but it looks like cigarettes are going to keep on being scarce."

A third "purely personal" opinion was that government orders, "primary cause of the civilian scarcity" would continue large.

MANY VETS PLACED

Harrisburg, Nov. 17.—(P)—Replacement of World War veterans by the U. S. Employment Service reached a new high in October when jobs were found for 4,642 service men, an increase of 99 over the figures for September. Florenz J. Boland, state director of the War Manpower Commission said that since the first of the year the 93 USES offices in the state had placed 34,006 veterans in jobs.

All-Out Defense Of Metz Planned

With the U. S. Third Army, Nov. 17.—(P)—A captured German said today that the Nazi commander was preparing the fortress city for a last ditch battle and gaseous guns were preventing its evacuation.

Tank traps are being dug and the streets are strung with wire and blocked with barriers, the prisoner reported, indicating the possibility of another bloody stand similar to that by the Nazi garrison at Brest.

If the Metz commander can compel all-out resistance the fight for the city, with its formidable defenses, could be prolonged for weeks. This would make necessary the wrecking of the city to attain its capture.

WAR WORKERS SHOOT "CRAPS" ON TRAINS

Philadelphia, Nov. 17.—(P)—Pennsylvania Railroad detectives arrested three men today in a move to break up what they said were almost daily "craps" games set up in the aisles of crowded trains carrying war workers to Chester and Wilmington.

The men pleaded guilty to charges of disorderly conduct and gambling and were fined \$10 and \$50 costs each.

Other players slipped away from the detectives.

'Ripper Killer'?

Otto C. Wilson, 32, above, is reported to have confessed to police the savage knife slayings of two women in two Los Angeles hotels. He was identified by hotel employees as having checked in with the women and police said his fingerprints tallied with those in the murder rooms.

Thrill Slayer Had Chosen a Third Victim

Los Angeles, Nov. 17.—(P)—A woman today in an effort to determine if Otto Steve Wilson, 31-year-old janitor, was attempting to lure her to the same death which he has stated in a signed confession was the previous fate at his hands of two other women—slaying and mutilation.

Wilson was chatting at a bar with the third woman Wednesday when a patrolman handcuffed and arrested him. This was shortly after the bodies of two other women were discovered in separate hotels.

Capt. Thad Brown, head of the police homicide bureau, said Wilson, discharged navy pharmacist's mate, told him he "didn't know what I might have done to her." Her name was not disclosed.

Wilson's confession, said the authorities, disclosed that he choked 26-year-old Virgie Lee Griffin to death Tuesday evening and stayed up all night drinking whisky and mutilating her body with a nine-inch knife. He said he went to see a horror movie starring Boris Karloff the next day then picked up 38-year-old Lillian Johnson in a bar, took her to a hotel room and mutilated her.

Wilson, in his confession, said that after he had strangled and (Turn to Page Thirteen)

Jap Losses At Manila Mounting

U. S. Pacific Fleet Headquarters, Pearl Harbor, Nov. 17.—(P)—Admiral Chester W. Nimitz, revising previous figures upward, announced that Third Fleet carrier planes sank a cruiser, four destroyers and 11 cargo vessels and oil tankers in their Nov. 12 raid on Manila.

The light cruiser previously reported as damaged was known to have sunk, Nimitz said in a communiqué yesterday.

Four torpedoes also were sent into a floating drydock, believed to be the 500-foot Admiral Dewey, which the Americans scuttled before Manila's fall. The Japanese evidently raised it.

The Pacific commander reported a series of aerial strikes from Haha and Iwo islands, in the Bonin and volcano groups, to by-passed islands in the northern Palaus.

Drastic Action Planned To Meet Growing War Essentials

By STERLING F. GREEN

Washington, Nov. 17.—(P)—The laying down of plans for making all those things civilians miss probably will be held back until German collapse is assured, following James F. Byrnes' threat to halt completely the resumption of civilian goods manufacture if growing war needs require it.

War Mobilizer Byrnes, joining an official campaign against what he called war-consciousness, declared shortages of material and weapons might "prolong the war" unless quickly remedied.

REDS PIERCE MAIN GERMAN DEFENSE LINE

In Pivot Northeast of Budapest Russians Threaten Key Junction of Godollo and Hatvan

TRACKING DOWN FLEET

London, Nov. 17.—(P)—Russian troops have pierced the main German defense line 10 miles east of Budapest, capturing the rail station of Gomro, and in a pivot northeast of the besieged capital today threatened the key railway junction of Godollo and Hatvan.

Far to the northeast other units of Marshal Y. Malinovsky's Second Ukraine army struck to within five miles of Miskole, Hungary's fifth city, which is now exposed to Red army artillery fire.

Battling along the roads leading around Budapest to Austria, the Russians yesterday crossed the Budapest-Miskole railway at Vamossork in a 12-mile advance from Jaszereny and were moving toward Hatvan Moscow announced last night. Hatvan is a junction of the Budapest-Miskole line and terminal of the railway running north into central Slovakia, 38 miles beyond.

The threat to Godollo, less than 10 miles northeast of Budapest, developed when powerful Soviet tank and infantry forces swept through Dany, less than 11 miles southeast. Godollo governs road and rail routes to Vienna and central Slovakia.

A midnight Soviet war bulletin indicated the Red air force had begun to track down the German fleet hiding in the Baltic. Since the RAF sinking of the Tirpitz, the only surface warship left to the Germans are believed trapped there. Torpedo planes of the Red banner Baltic fleet opened the attack by sinking a 6,000 ton transport in the big Nazi port of Danzig, the war bulletin said.

Industry was at a standstill in some areas of the Reich, partly because of lack of coal and partly because the Nazi authorities were no longer able to compel workers to remain at their jobs during air alarms, these reports said.

The Basler Arbeiter Zeitung said this was especially true in smashed Cologne, where ten people were publicly hanged on one day and eleven on another because they dared openly to question "why should millions of Germans die for Nazi leaders?"

Resentment In Germany Is Increasing

Bern, Nov. 17.—(P)—Stories of resentment in Germany against Nazi rule reached Switzerland today, but they indicated the ruthless hand of the gestapo was capable of snuffing out any efforts of popular movement.

Veterans of World War I Are Ready to Cash In Bonuses

By JAMES MARLOW
Washington, Nov. 16—(AP)—The veterans of World War I can get ready to cash in the last of the bonus money given them by Uncle Sam.

It will amount to about \$273,000,000, all that's left of \$3,710,000,000 originally set up for them. Their 9-year bonus bonds—this was the second of two plans to do something for them—mature June 15, 1945. A great bloc of them was cashed in long ago.

The veterans of this war get their moneys when they're discharged. The most any one of them can get is \$800.

They get a number of other benefits under the "G. I. bill of rights"—education, loans, unemployment pay—if they want them. The veterans of the other war got none of those benefits. When they were discharged they received only \$1 for every day of service—up to 60 days—in this country and \$1.25—up to 60 days—for every day of overseas duty.

Congress on Jan. 27, 1936 adopted a bonus plan which practically scrapped an earlier insurance plan. The new one worked like this: A veteran could transfer his insurance into bonus bonds and cash them at once if he wished. Many did. But the bonds paid 3 per cent interest a year for 9 years. They were to mature June 15, 1945.

Fall Furniture Market Draws Large Crowd
Jamestown Post-Journal: The Jamestown Fall Furniture Market is continuing to attract buyers from the entire nation seeking supplies of furniture to satisfy the ever increasing demands of consumers. Visiting buyers were still registering today although the rush is tapering off as the market approaches the close of the third day.

According to Paul E. Denney, vice president and manager of the Furniture Building, registrations for the first two days exceeded 1,000 to assure the market a record attendance. The market last spring set the previous record with a total registration for the week of 1,300. At the end of the first two days, however, the attendance had reached only 550.

With little furniture available, the visiting buyers are able to transact their business in one or two days and few of them are remaining for the entire week. Furniture manufacturers have declared that the little furniture available is being allocated to old accounts on a quota basis.

In the upholstered furniture displays it is noted that springs have made their reappearance in all lines and local manufacturers have declared that the spring supply is adequate to meet their present civilian output. Springs for civilian furniture were released just prior to the market held last May and only a few spring-up designs were shown at that market.

Bright colored fabrics dominate the upholstered displays and manufacturers report an adequate supply of fabrics. The higher priced fabrics are being demanded by buyers.

The market has taken on an international flavor with several buyers from Canada registering on Monday. Other buyers from Texas, California, and points in the midwest and south were among those seeking furniture at the market.

Experience Is Basis of War Expert's Talk

Very timely is the scheduled appearance here next Tuesday evening of S. Miles Bouton, noted lecturer and for many years foreign correspondent and, more recently, widely read editorial writer and columnist of the Jamestown Post-Journal.

His experiences in Berlin and other capitals of Europe at one of the most critical periods in the world's history are an authentic background for his commentary on today's affairs. He is coming to Warren at the invitation of the Allen Class and Men's Class of First Methodist church and the public is invited to hear him.

Born some ten miles from Jamestown, Mr. Bouton studied law after graduating from the Washington, D. C., High School and practiced law for four years. He began his long career as a reporter in Meadville, then in Oil City and Olean. His next position was with the old Buffalo Express and in 1909 he joined the editorial staff of the Associated Press in New York.

In 1911 he went to Europe as correspondent for the Post-Journal and, in all, remained in Europe 23 years. Working in 22 different countries altogether, his service included representation of the New York Times, New York World and the Baltimore Sun.

During the first two years of World War I, he represented the Associated Press with the German troops, but was transferred to Stockholm, Sweden, when the United States entered the war. He returned to Berlin within a week after the signing of the Armistice and remained there 13 years as special correspondent for the Baltimore Sun.

He was expelled from Germany by the Hitler government in 1934 and in the following five years lectured in 43 of the 48 states of the Union and in Canada.

Early in 1938 he became an editorial writer on the staff of the former Jamestown Post and continued after the merger of that paper and the Jamestown Evening Journal in 1941. He is also the author of a daily column, "Of Many Things," appearing in the Post-Journal.

He hopes to go to Europe again after this war but, he assures his friends, not for permanent residence.

Hikers Will Visit Gardner's Rocks

At the suggestion of several hikers who have never visited Gardner's Rocks, the Allegheny Hiking Club will plan its journey there next Sunday afternoon. This interesting area has its regular devotees, but many others have not known the territory.

The hikers will meet at 2:15 o'clock at the corner of Poplar Street and Pennsylvania Avenue, ready to leave at 2:30. Because a large attendance is anticipated, it is especially requested that several cars be furnished for driving approximately three miles to the Hatch Run road as a starting point for the hike, which will be just about five miles round trip.

The earliest long distance roads in Europe were laid out and used by traders gathering amber.

Golden Wedding Of Grand Valley Couple Observed

Mr. and Mrs. Carl Van Gulder, who celebrated their golden wedding anniversary on Wednesday of this week, were given a happy surprise party last Sunday at the home of their daughter, Mrs. Victor Houghtling, who had invited children and grandchildren of the couple to observe the milestone.

Dinner was served from a table which had for its center a three-tiered wedding cake. On its top a miniature bride and groom stood beneath an arch from which was suspended a golden bell. Yellow roses and the numerals '50' completed its decoration.

Ido Belle Hammond and Carl Van Gulder were married Nov. 14, 1894, by Justice of the Peace Wm. Maultby at Grand Valley. To this union seven children were born: Percy, whose tragic death occurred June 5, 1944 near his home at Brown Hill; Lynn, Benton, Vivian, Kenneth, Hazel, wife of Victor Houghtling, and Marjorie, wife of Durward Walters. There are 17 grandchildren and two great grandchildren. Three grandsons are serving in the armed forces.

The couple was presented with a love bedspread from the children and a silk pillow from Margaret and Dorothy Van Gulder and Josephine Pearce.

Mr. and Mrs. Van Gulder have always lived in or near Grand Valley, the former having been engaged quite extensively in the lumber business and they have a host of friends who wish them many more anniversaries.

Miss Margaret Van Gulder and Mrs. Josephine Pearce of Warren spent Sunday with their parents, Mr. and Mrs. B. R. Van Gulder.

All Invited For YW Observance of Fellowship Week

Mrs. Carl Lundahl, president of the board of directors of the association, will tell of the observance of the 50th anniversary of the founding of the World's Y. W. C. A. Highlights of the work of the YW in other countries will be presented by Mrs. Young.

Mrs. W. E. Lutz, who will give the book review, will be introduced by Mrs. Edward K. Rogers. "Papa Was a Preacher" is the book to be reviewed by Mrs. Lutz and, from all reports, it is an unusual one.

The tea hour has been arranged by Mrs. Fred Lesser and Miss Hildur Laugerquist, who have invited Mrs. S. D. Blackman and Mrs. Burr Walker to preside at the tea table.

All money received from tickets to the book review will go to the World Fellowship Fund which provides for YWCA work in over 50 countries. Tickets may be had at the door by those who have not yet secured them.

Junior Juggling Act

By EPSIE KINARD
NEA Staff Writer

NEW YORK—The juggling act put across by girls with interchangeable clothes, to make a few pieces seem like more outfits, is booked for shopping tours of home-for-the-holidays collegiates.

To show you how the trick works, take a look at two of a series of interchangeable junior team-mates, shown above. Basic pieces in both pictures are a cherry-colored woolen skirt and a rayon blouse in background beige, plaided with cherry and purple. For costume variety, a girl can add a cherry-colored woolen jerkin, as is shown at the left, or she can switch to the purple woolen blazer at the right.

From that point, she can go on ad infinitum switching to a team-mate waistcoat for another kind of top; to a pair of color-correlated slacks for still another casual costume.

Members of the First Methodist WSCS entertained their husbands at a tureen dinner in Founders hall last evening, preceding the annual business meeting and a fine talk by Rev. Lee D. Smith, of Jamestown, son of Dr. A. B. Smith, who was formerly a Grace church pastor. Pastor Wayne Furman gave the invocation.

Mrs. E. S. Briggs conducted the business session, thanking the members for the tea towel show-er for the church which had been carried out under the direction of Mrs. Ray Lewis. Miss Audrey Cramer conducted devotions on a Thanksgiving theme. Mrs. Gerould Ostergard presented the following report of the nominations committee for elections:

In addition, these persons were named as secretaries for the various activities: Missionary education and service, Mrs. John Latshaw; Christian social relations and local church activities, Mrs. Ray Lewis; literature and publications, Miss Estelle Roswell; supplies, Mrs. E. Announcement was made that the circles will collect Christmas gifts for the Ruth M. Smith Home, as was done last year, and anyone desiring further information may call Mrs. Samuel Ostergard. At-

Attention was called to the Christmas meeting to be held December 14.

Mrs. George Muir introduced Miss Viola Lindmark for two beautiful contralto solos, "Love Suffering Long" by Adams and "Blessing" by Pearl Curran, with Miss Evelyn Wolstencroft playing her accompaniment.

Mrs. Muir then presented Rev. Smith, whose topic "The Measure of Our Devotion" was based on the Methodist Crusade for Christ and its effort to raise \$25,000,000 in the next four years. He mentioned the five aims and goals of the Crusade: New World Order, Rehabilitation and Extension, Evangelism, Stewardship and The Church School.

Concluding Rev. Furman pronounced the benediction.

Story Hour Is Attended By Large Crowd

The Magic Airplane Ride, a children's radio drama, will be the last event for boys and girls in Warren's observance of National Book Week. The play will be presented by a Warren cast over Jamestown's radio station, WJTN, tomorrow afternoon at 1:30.

Boys and girls who are assisting Olive Archibald Huff and Georgia Spinney with the public library's broadcast tomorrow are Marcia Forsgren, Helen Spiridon, Joan Spattfor, Joan Patterson, Jerry Callahan, and Luke Miller. Mrs. Huff is the narrator; Miss Spinney, the Old Apple Lady; and each of the boys and girls is playing the part of one of the children, who take a magic ride with the Old Apple Lady to five amazing lands.

The play has been adapted for the Book Week presentation from one of the public library's new books in the children's department. It is the amusing and altogether delightful All Aboard, We Are Off, written and illustrated by Nura.

Yesterday's opening story hours for the children of the fourth, fifth and sixth grades had a capacity attendance, with the boys and girls begging for "just one more". Mrs. Gerry Archibald, community story teller, delighted her young audience with the stories of the Skillful Huntsman and Saddle to Rags. The "encore" was the Huckleabuck Family and How They Raised Popcorn in Nebraska and Quit and Came Back.

A story hour for the younger children of the first, second and third grades will be held this afternoon at 4 o'clock in the board room of the library.

Doll exhibits and the display of Clare Tree Major posters will be open to the public until the first of the week. New books, which have attracted attention all week will be released for circulation on Monday. The Read Around the World Cruise will continue until the Christmas holidays.

"so YOU can't afford it!"

"Okay, Mr. and Mrs. Warren County, YOU can't afford an extra Bond this time. Sure, expenses are high—so are they out here. Only WE have to pay in BLOOD. I know—taxes are pretty steep—so are ours out here. But WE pay OURS in arms and eyes and legs, and good young LIVES. When you stop to think of things THIS way, I'll bet my life not many of the folks I know back home would say they can't afford that extra Bond."

Talent For Youth Party Show Sought

Young people in the community, who have some special ability which would add to the floor show for the Community Young People's Party next Friday evening, in Beatty School, are urged to turnout for tomorrow's floor show auditions. The committee will meet anyone who is interested at 10 o'clock in the Beatty School auditorium. Nick Geracimos is chairman of the committee, which will be assisted by Olive Archibald Huff and Robert Wilder.

Provision will also be made for young people, who find it impossible to be at the school in the morning because of their work. Individual interviews may be secured by calling Nick Geracimos at 610-J or Mrs. Huff at 1513.

The committee is interested in dancing and musical numbers, either individual or in groups, comedy routine, monologs, magic acts, or anything else that would fit into a Floor Show for young people in their teens.

The usual variety program is being planned for the party for young people of High School age up to 20 years. Mac McCarthy's Orchestra is again furnishing the music for those who like dancing. The game rooms, so popular since their innovation, will be again set up and the listening room will also be open to boys and girls who enjoy good recorded music of different types.

The Committee on Community Recreation will have a very important announcement to make the first of the week of another innovation in its winter program. Preliminary details should be complete after the committee's meeting this week.

Island Song

by Owen Atkinson

AP Newsfeatures

"I'm Captain Callahan," he boomed and a vast smile appeared on his beefy red face.

odd, heart-breaking melody. "A song of the islands," he muttered under his breath. He tried to keep time to the music but the song died suddenly on a wailing half-note. But the melody, like some faint, nostalgic memory clung in his brain.

Just ahead was a crude pier of rotten timbers and here the big gale landed. One of the crew carried the yellow chest ashore, Jason leaped lightly from the boat and stood staring.

A laughing, curious crowd gathered about the young captain. Brown hands were thrust out in welcome and the soft purring language of the islands came to his ears for the first time. Sailors from the whaling fleet yelled drunken greetings. Jason stood, uncertain as to how to proceed. Then there was a stir in the crowd and a white man in a none too clean white suit came shouldering his way forward, a hairy paw extended.

"I'm Captain Callahan," he boomed (and a vast smile appeared on his beefy red face. He wrung Jason's hand in a mighty grip. "Here's a boy with a barrow to take your chest and yourself to the Premier's house. My business seems well known." Jason answered with a smile. "Thanks for your courtesy, Captain."

Jason saw that an old man wearing the usual breech cloth was already trotting away with the yellow chest balanced on wheelbarrow. Following his guide Jason moved along the water front until he came to a low fe built of whitewashed coral blocks. It was not much of a fort, Jason concluded, as an armament but there was a grim atmosphere about the place which had a chilling effect on the brightness of the morning. Two huge brov sentries, barefooted but wearing red uniform coats, marched in and down in front of the entrance business-like muskets slanted over their shoulders. From a t pole fluttered the King's emblem the eight-barred flag with the English Jack in the upper left corner.

Everywhere Jason's eye turned, they encountered ban of greenery, the bright, brilliant green of the semi-tropics. The place seemed new, fresh—as if recently created by some indolent beauty-loving God. The mountains themselves were tall, jagged spires of knife-edged ridges, unweathered by time. They might have come, dripping and wet from the floor of the sea but today before.

JASON took a deep breath: a mellow mood came over him. His hurried steps slowed; he began to stroll as casually as any other figure on the streets. What time matter?

Then he saw the palace guard—the place itself. It was a solid square, frowning building made of the same thick coral blocks as the fort. The grounds were surrounded by a high wall of the same material.

The native guide led him through the side gate, first muttering something to the two guards there, and so they came to the home of the Premier, an other square coral building, situated at one edge of the palace garden. Jason knocked firmly on the door. It was opened by a woman. She was slender, gray-haired and gentle. Her face had the soft, innocent sweetness of a nun, but when Jason looked into her eyes he saw that they were gray and cool and level; they seemed to hold a merry twinkle and son of a gun and a great deal of intelligence and understanding. She ushered him into a private New England parlor which might have been a copy of the one in his own home in Salem, took him to her husband. The naturalist in the small trunk and deposited it at Jason's feet. To be continued

Suggestions On Keeping Faith By Daily Reading of Passages From Bible

Working as a unit in a country-wide plan to stimulate daily Bible reading between Thanksgiving and Christmas, the Warren County Ministerial Association, assisted by a group of Boy Scouts, is endeavoring to place in the hands of every family in Warren county the list of Bible passages selected in a nationwide canvass of pastors and chaplains as most helpful in times such as these.

In conjunction with this campaign, these suggestions are offered on how to read the Bible: 1. Read thoughtfully and reverently. 2. Read seeking a helpful message for the day. 3. Underline passages that impress you as you read. 4. Pick out one short verse for the day's meditation. 5. Set aside a definite daily time for reading and keep it faithfully. 6. Let your reading guide your living. 7. Enter the new year as a daily reader of the Bible.

All passages in the following list are in the order of tabulated votes except those assigned to Thanksgiving, Christmas and Sundays:

Everyone Involved in Coming Social Security Tax Fight

By JAMES MARLOW
Washington, Nov. 17—(AP)—You're involved in the fight shaping up to freeze the social security tax—if you're one of the 69 or 70 million workers or employees in commerce and industry.

If you're an employee, the tax on you is 1 percent of your pay. If you're an employer, the tax on you is 1 percent of your payroll. This totals 2 percent from both.

But each employee and employer in commerce and industry will have to start paying 2 percent Jan. 1, 1945 unless Congress freezes the payment at the present 1 percent for each another year.

This tax goes into the social security fund. Out of that fund the government makes its monthly social security benefit payments to:

Men and women over 65 who retire from work, based on their average monthly earnings since the social security act became effective Jan. 1, 1937; to their wives if 65 or over and to their children under 18; to widows over 65; to widows under 65 if they have dependent children under 18 still going to school; and to the children and dependent parents.

The government started collecting the 1 percent tax in 1937. It started paying out old age and survivors insurance benefits in 1940.

(Remember: This tax has nothing to do with unemployment taxes.)

The 1 percent tax was to have continued through 1942, then rise to 2 percent each on employer and employee Jan. 1, 1943 to 2½ percent Jan. 1, 1946; and 3 percent Jan. 1, 1949.

But before the tax could take its scheduled rise in 1942, Congress froze it at 1 percent for another year, and re-froze it again in 1943 and 1944.

If Congress doesn't freeze it for another year, then the 2 percent tax goes into effect Jan. 1, 1945. The reason for the planned increase until the tax reached 3 percent in 1949 was this:

To build up the social security fund because by 1940 a lot more people would be receiving old age and survivors insurance than when benefits started in 1940. The more money going out, the more was needed for the fund.

But Congress froze the tax at 1 percent three years in a row on the grounds that the fund was building up fast enough due to the

increased wartime employment which meant more tax money collected.

That's still the argument of Congress anxious to freeze the tax another year. The opposition Congressmen say the increased tax should go into effect because the fund needs to be built up more.

Last year about 67 million workers paid social security tax. So did about 2½ million employers.

About a million people who are not protected by social security do not pay the tax. They are the agricultural and domestic workers, the self-employed, people working for non-profit or public organizations, and federal, state and municipal employees.

On June 30, 1944 there was \$5,446,000,000 in the fund. In the fiscal year ending last June 30 the fund took in \$1,292,000,000. It paid out \$1,845,970,000 in benefits.

If the tax is raised to 2 percent Jan. 1, 1945, the fund will take in about twice as much although paying out only about as much as in fiscal 1944.

Scribe Picks Army Over Pennsylvania

By ORLO ROBERTSON
New York, Nov. 17.—(P)—Pardon us please if, before plunging into this week's football selections, we point out that we had only three defeats last week as compared to 35 victories and two ties. Rice, Indiana and Muhlenberg failed to cooperate.

Here's how the crystal ball says they should finish this week:

Army-Penn.—Penn. with two good tackles in Savitsky and Stickle, may put up an argument for the first half but Army's power will wear the Quakers down for another one-sided score for the Cadets.

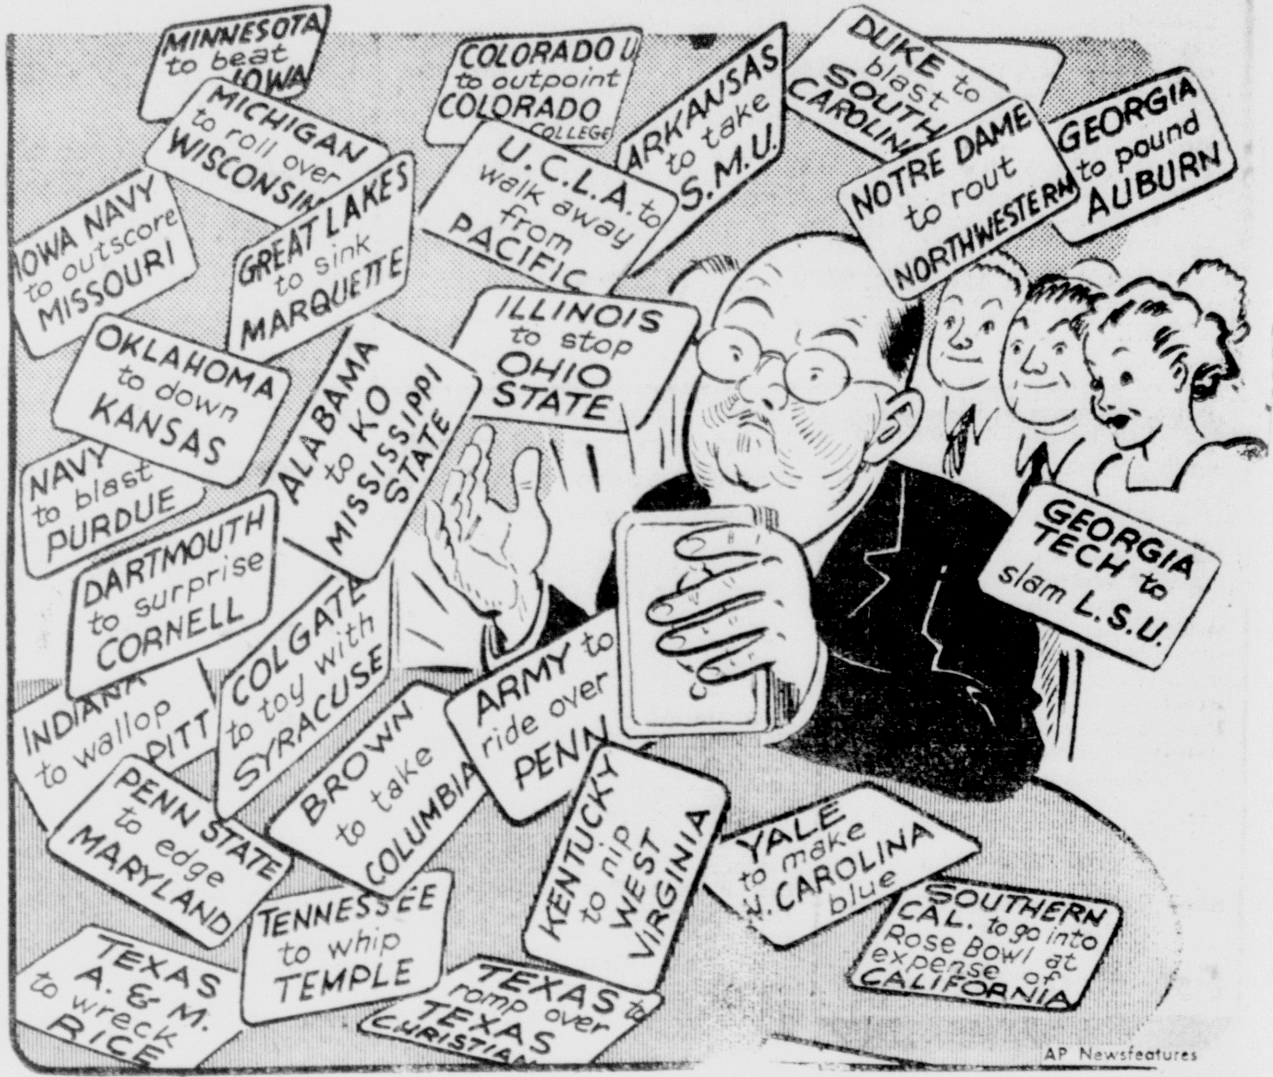

Purdue-Navy—The Middies definitely aren't fooling these days but they may find a tough nut to crack in the Boilermakers before winning by two or three touchdowns.

Illinois-Ohio State—The line probably will be the difference in which case it'll be Ohio State to remain unbeaten.

Others:

Mississippi State over Alabama. Notre Dame over Northwestern. Michigan over Wisconsin. Syracuse over Colgate. Duke over South Carolina. Yale over North Carolina. Indiana over Pittsburgh; Cornell over Dartmouth. Lafayette over Lehigh. Penn State over Maryland. Princeton over Swarthmore.

Several High School Title Battles Booked on Saturday

Harrisburg, Nov. 17.—(P)—The tag end of Pennsylvania's 1944 scholastic football season finds a championship battle between two unbeaten teams in the west, while in the east a number of squads risk perfect records in crucial contests.

For some schools, the games this week end close the 1944 campaign books. Other squads, however, are preparing for traditional Thanksgiving Day contests.

The sole survivors in Class AA competition of the Western Pennsylvania Interscholastic League, Ellwood City tangles with Donora in Pitt Stadium tomorrow afternoon. The match between these two unbeaten teams was specially arranged to settle the championship.

In the hard core region, undefeated Hanover Township invades Gettysburg last year's northern division champion in the 33-team eastern conference. The 1944 crown may be at stake, although Blakely can stay in the thick of the fight with a win over Olyphant in another week-end tilt.

The "big" games in the southern division of this loop are booked for Turkey Day, but Kulpmont, winner of 10 straight, closes its campaign against Scranton Tech. Unbeaten Lansford holds the pinnacle in the circuit.

John Harris High, pace-setter in the big 3 circuit, faces Steelton this week end in a traditional match; unbeaten Bethlehem is host to Shamokin, and Allentown, defending champion, meets Kingston in a non-conference scrap.

Other big 15 games send Reading to Easton, Hazleton to Pottsville, and Lebanon to William Penn of Harrisburg.

Intersectional rivalry matches the Academy against McKeesport and Williamsport against Altoona.

BEHIND THE LINES

Have received an interesting note from an old time sports fan and writer on a Warren paper. W. L. Foley, former sports editor on two local papers, writes that his son, Johnny, will be the starting left halfback in tomorrow's WPLA championship clash at Pittsburg. Young Foley has played varsity back for the Donora eleven for two years and this year the club has gone undefeated and untied. Donora meets Ellwood City in the championship game of the Western Pennsylvania Interscholastic Athletic League at the Pitt Stadium. John Foley was born in Warren eighteen years ago when his father wrote the

Regulations On Fishing About Same

Harrisburg, Nov. 17.—(P)—Fishing regulations for Pennsylvania during 1945 remain virtually the same as this year with the exception of a revision in the size of muskellunge which can be taken from state streams.

Fish Commissioner Charles A. French, in announcing the code for the coming year said that an increase from 22 to 24 inches in size for muskies was made "so this fine fish which furnishes so much sport in the lakes and streams of northwestern Pennsylvania will be further protected."

The commission fixed the following seasons:

Trout—Any species except lake or salmon, April 15 to July 31; not less than six inches; 10 daily.

Trout—Lake or salmon, July 1 to Sept. 29; no size, eight daily.

Bass—July 1 to Nov. 30; not less than nine inches; six daily.

Pike—July 1 to Nov. 30; not less than 12 inches; six daily.

Pickering—July 1 to Nov. 30; not less than 12 inches; six daily.

Muskellunge—July 1 to Nov. 30; not less than 24 inches; two daily.

GRIDDERS DANCE

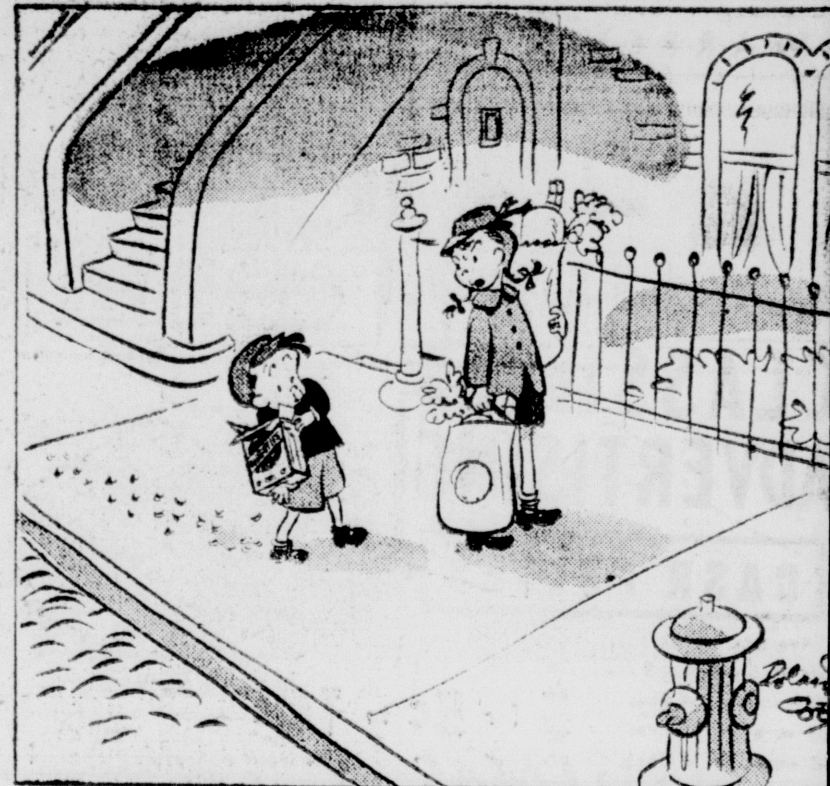

Members of the 1944 Football team and their guests will hold their annual Round-Robin Dance tomorrow night at 8 o'clock at the Beatty Gym.

This dance highlights the year's football social activities. Coach J. B. Leidy, one of the experts in the field of dancing is in charge of the gala affair and more than 200 students are expected to attend the dance.

PONY League To Start May First

Buffalo, N. Y., Nov. 17.—(P)—The Pony Baseball League opens its 1945 schedule May 1 with a schedule of 126 games for each team.

The league officials met yesterday and elected William J. Schumacher, Buffalo, owner of the Lockport club, as vice president to succeed Fred Herring of the Hornell club.

Major league representatives at the conclave included Joe Reedon, head of the Philadelphia Blue Jays farm system, and Harold Restiger of the Brooklyn Dodgers.

PURDUE TO GIVE NAVY STIFF BATTLE SATURDAY

Baltimore, Nov. 17.—(P)—With a devastating Army eleven just over the horizon, the Navy sails into what Midshipman Coach Chas. Oscar Hagberg believes will be its hardest game to date Saturday at the Baltimore Stadium against Purdue.

And Hagberg may be right, for the powerful Boilermakers have exhibited one of the season's better ground games. Led by Fullback Boris (Babe) Dimancheff, Big Ten conference high point scorer and ground gainer deluxe, Purdue has rolled up impressive yardage with its distinctive type of modified "T" formation.

Navy is counting upon its rock-like forward wall to halt the Purdue ground game, but the question is how the Annapolis eleven plans to get the ball into payoff territory.

Football fans are wondering whether the Navy's passing game—used little in its victories of the last three weeks over Pennsylvania, Notre Dame and Cornell—will be needed again Saturday or

League Officials Meet To Discuss Landis' Condition

Chicago, Nov. 17.—(P)—Rumors that Baseball Commissioner K. S. Landis was ready to retire were refuted today as a group of major league officials met to consider the big league agreement, which, among other things, provides for procedure to be taken in event of a vacancy in the office.

The condition of Landis, who is 78 years old on Nov. 20, was reported last night as "not as satisfactory as it was a day or two ago." The commissioner entered a hospital on Oct. 2 for a physical checkup, and for the first time since he took over his baseball job he was unable to attend a World Series.

November 18, 1924

Mel Johnson, of the church league, has an average of 188 in 15 games. Johnson is one of the most outstanding bowlers in the community.

Several hunters have reported that rabbits are infected with rabies. Game Commissioner Elmer Filling said, however, that very few of the county's game is infected with any disease.

Meadvale High School has projected the Old City-Meadville football game. Meadvale officials claim that a fellow by the name of Pierce could be found no place in their records and that was their reason for prohibiting Pierce to play.

Several hundred spectators witnessed a hockey game between Elks Normal girls and the Franklin girls. The game resulted in a 3-5 tie.

November 18, 1934

The officers and committee of the Elks League held a reorganization meeting at which sixteen teams were formed to take part in the league.

The Warren HyVie's Oils will go to Jamestown tomorrow to battle the Jamestown-Liberties.

The Knights of Hooktown will stage their final game of the season when they stack up against the Red Peppers. The game is to decide the champion title. The contest will be played at the former fair grounds and a large crowd is anticipated.

Barney Malone is believed to have set a new record at the Elks Alley. He turned in a 239 game yesterday.

Jamestown's 13-7 victory over Erie Academy came as a surprise to local followers. The Y.M. C.A. league is due to get under way the first week in December.

Johnny Randsaull's 300 game is still the main topic of talk in the city.

Wings Topple Unbeaten Toronto Mapleleaves

By the Associated Press

Jack Adams' Detroit Red Wings may not have discovered a way to beat all the teams in the National Hockey League but it seems apparent they have at least hit upon a formula for victory over Toronto's Maple Leafs.

The Wings with four wins and three losses to their credit, took the advice of their boss to "stop the Carr-Schrier-Bodnar line and you'll stop the whole Toronto team."

In doing just that, Detroit became the first team to defeat the Leafs in the 1944-45 campaign.

Last Sunday they stopped Toronto's winning streak at six games when they registered a 4-2 victory on home ice and on Wednesday chalked up an 8-4 win at Toronto.

Tomorrow night, the Rangers and Detroit meet at Madison Square Gardens and on Sunday the Wings play at Boston. The Canadiens and Boston play at Montreal tomorrow night and Chicago at Toronto. On Sunday, the Leafs go to Chicago and the Canadiens to New York.

MOOSE LEAGUE

Irvine's took all four points from Warren Taxi in last night's Moose Club match. Berdine was high man for Irvine's, collecting a high single game of 184 and totaling 504 for three rolls. For the losers, Wing turned in a 179 single game and a three game total of 462.

McLean's and Morrell's each copped two points in the second match. S. Castiglino turned in a pretty 223 single game and a three game total of 568 for McLean's while for the losers J. Reese turned in a big single of 210 and J. Fielding collected a three game score of 541.

Stray Leaves From Notebook Of Reporter About Town

Raked Up By the Office Gang

Ten winners in 11 entries in the
equivalent record set by Mrs. Lucy
Young, 8 Main street, North War-
ren, in the canary show and wild
bird exhibit of the Ohio Color
Breeders Club held November 3, 4
and 5th at Swiss Hall, Cleveland,
Ohio.

She won six blue ribbons for first
prizes, one red ribbon for a second,
one red rosette and bronze medal
for second best of breed, three
third prize yellow ribbons; also the

following special awards: Best un-
dressed any color; best novice any
color; gold medal; and the grand
trophy for the best novice in the
show.

The authorized ACB judge of
colored birds was Betty Rowley
of Elkhart, Ind. Several hundred
canaries were entered in the com-
petition from all surrounding states
and were shipped from as far west
as St. Louis, Mo.

This is the first time Mrs. Young
has ever entered any of her birds
in any show. She has been raising
canaries for 50 years and in the
past three years has been special-
izing in colored birds, red factor
canaries from Siskin ancestry.

The Cleveland show is mostly for
color breeders and competition is
very strong. The Ohio Color Breed-
ers Club is an affiliate of the Amer-
ican Color Breeders Club and is a
growing organization. Mrs. Young

is a member of both organizations.
She raised over 100 canaries this
season and ships birds to all parts
of the world. She is greatly pleas-
ed with the very successful results
she has attained and hopes to raise
a few birds next spring which will
be even more beautiful than those
she has already raised.

She loves her birds, enjoys the
contacts she makes in the business,
is always ready to talk birds, and
whenever there is an opportunity
to meet prominent breeders of the
fancy, she makes it a point to be
there. In that way she is always
able to learn something new and
keep up to date with new ideas and
modern methods.

She is to be congratulated on her
recent honor and her many friends
extend best wishes for her con-
tinued success.

Counts obtained by thirty auto-
matic traffic recorders located
along state highways at various
points throughout the state show
that the volume of traffic during
the month of September this year
was about the same as in Septem-
ber, 1943, but about fifty per cent
less than for the corresponding
month of 1941, which was the last
normal traffic year before the war.
John U. Shroyer, secretary of the
Pennsylvania department of high-
ways announces.

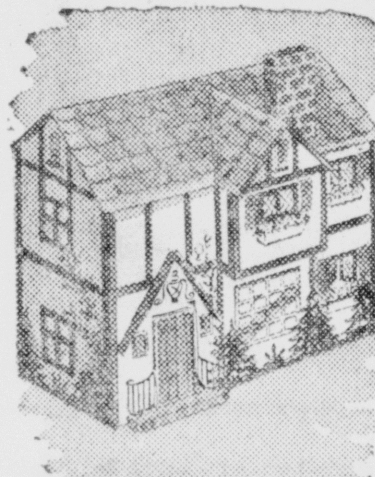

Big game hunters of Warren
and vicinity who are fortunate
enough to have a few days of va-
cation coming during the bear and
deer season are already making
their plans. Hundreds of high
power rifles are being checked over
and carefully cleaned and oiled.
Nearly every big game hunter has
his hunting equipment in first class
condition and ready days before
the season opens each year. This
year in Pennsylvania, bear season
begins Monday, November 27, and
lasts through Thursday, with deer
season starting Friday morning,
December first. Here are a few
